

**Peter Jacobs** is an experienced senior protected area manager, planner and programmer now working as a private consultant. As a Director of consultants People in Nature, Peter's aim is to use his specialist skills to work with protected area managers around the world to improve the management of these important areas and contribute to the conservation and people's enjoyment of these special places. Peter is also the Chair of the International Union for Conservation of Nature (IUCN) World Commission on Protected Areas (WCPA) Mountains Specialist Group. The Mountains Specialist Group facilitates the enhanced conservation, effective management and adequate protection of mountain protected areas and advocates for further protection of priority areas of one of the Earth's most important biomes. This includes their biodiversity, cultural, social and economic values.
